To Whom It May Concern:

During the past several years I have had the pleasure to work with Jennifer Umbright of EMS Solutions, Inc. During this time Jennifer has shown exemplary skills in the workers' compensation arena: claim reviews; attorney interface; knowledge of workers' compensation laws; and customer service. I can count on her information to be accurate and timely and has proven to be a valuable asset to our company's workers' compensation review process.

Jennifer's strong points include the ability to communicate clearly on multiple levels, meet all significant challenges, and produce a high quality service while paying close attention to details. I find these traits refreshing and consider them to be a great asset to ESM Solutions, Inc. and to any prospective client.

With Great Appreciation;
